I dati esposti in questo catalogo non sono impegnativi. LIRA S.p.A. si riserva il diritto di apportare in qualsiasi momento tutte le varianti ritenute opportune senza preavviso. - Data in this catalogue are not bounding. LIRA S.p.A. reserves the right, at its sole discretion, to make changes without notice at any time. - Die in diesem Katalog angegebenen Daten sind nicht bindend. Die Firma LIRA S.p.A. behält sich das Recht vor, sämtliche für nötig erachteten Änderungen vorzunehmen. - Les données reportées dans le présent catalogue ne représentent pas un engagement. - La Société LIRA S.p.A. se réserve le droit d'apporter à tout moment les variantes qui seront jugées opportunes.

In questo catalogo è rappresentata tutta la produzione LIRA, comprendente: sifoni, scarichi automatici e manuali, raccordi ed accessori, studiati per un utilizzo professionale. La costante ricerca tecnologica, la cura dei minimi particolari, la scelta dei materiali più innovativi, hanno consentito alla LIRA di essere tra i primi produttori del settore. Un organico di tecnici esperti permette di garantire alla clientela, una costante consulenza per risolvere in tempi brevi ogni problema specifico. Il marchio LIRA è sinonimo di "alta qualità".

This catalogue shows the whole LIRA standard production which includes traps, automatic and manual drain fittings (pop-ups and basket strainers) and fittings for professional use. Thanks to the continuous technological research, the care for every detail and the use of the most innovative materials LIRA exports its products all over the world. A staff of qualified technicians constantly advises the customers, solving each and every problem in a short time. LIRA trade-mark means "high quality".

In diesem Katalog führt LIRA sein gesamtes Sortiment an Produkten auf: Siphons mit manuellen und automatischen Ventilen sowie Zubehör für den Fachmann. Ständige anwendungstechnische Forschung, Sorgfalt zum Detail und die Auswahl innovativer Materialien haben LIRA ermöglicht, zu den wichtigsten Erzeuger Siphons weltweit zu zählen. Hochqualifizierte Anwendungstechniker bieten den Kunden fachliche Beratung, die eine schnelle Lösung individueller Probleme gewährleistet. LIRA bedeutet hohe Qualität.

La maison LIRA vous présente dans ce catalogue toute sa production comprenant: les siphons, les bondes à évier automatiques (pop-up) en inox, les bondes en inox avec bouchon (basket), les raccordements, les accessoires et les différentes solutions pour les installations professionnelles. Grâce aux constantes recherches techniques et technologiques, à l'utilisation des matériaux les plus modernes, aux soins attentifs apportés aux moindres détails et à sa dynamique commerciale la maison LIRA exporte ses produits dans le monde entier. Les clients peuvent résoudre leur différent problèmes grâce aux techniciens hautement qualifiés LIRA, toujours prêts à proposer la meilleure solution en vitesse. LIRA est synonyme de "qualité parfaite".

V alvola di scarico rapido

Rapid discharge valve
Schnellablassventil
Valve de décharge rapide

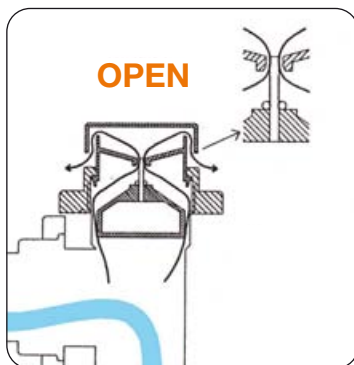

Applicata prima del sifone sotto il livello velocizza lo scarico dell'acqua.

Installed upstream of the siphon it facilitates the rapid discharge of water.

Die Montage flussaufwärts ermöglicht eine schnellere Entladung des Wassers.

L'installation avant le siphon rend plus rapide le décharge de l'eau.

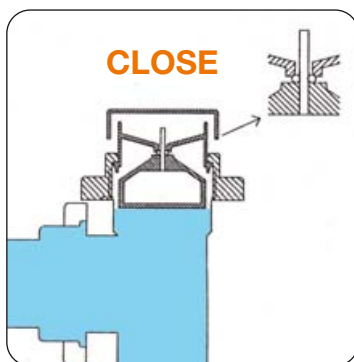

Quando è aperta lascia uscire l'aria accelerando lo scarico.

When the air valve is open the discharge is accelerated.

Wenn das Luftventil offen ist, wird die Leerung beschleunigt.

Quand la valve est ouverte la sortie de l'eau est accélérée.

Art. 2456

Ø 40 mm

Valvola automatica di scarico rapido per lavelli.
Automatic valve for the rapid discharge of sinks.
Automatisches Ventil für die schnelle Leerung von Spülbecken.
Valve automatique pour l'écoulement rapide des éviers.
