FROST
DENMARK
III

IT STARTS WITH A DREAM

The FROST venture is a reminder that there is still room for new innovative companies in this field, companies that listen to their clients and their needs in a changing world and are willing to adapt and carve out a specific niche in our increasingly over-designed world.

This third edition is just as exciting as the first two editions. We always aim to remain a work in progress, stay innovative and create new exciting products and fresh ideas for interior design accessories.

Frost values are quality products, innovation and new design with a different point of view, while remaining timeless and minimalistic. We want to stay ahead with modern, innovative takes on bathroom accessories, wardrobe products, hardware and shelf systems.

Our longstanding business relationships make all our efforts worthwhile. I would like to thank you for believing in Frost Denmark, whether you are a partner dealer, an architect or private client. We appreciate your ongoing support and will strive to bring you more engaging and eye-catching design products in the years to come.

There is cause for celebration with this third edition. We have moved into our brand new headquarters and warehouse facilities which paves the way for a new & exciting future. We have a 500 square-metre showroom facility and can welcome guests who wish to view our complete product ranges.

Thank you for the trust and confidence you continue to show our company year after year.

With compliments

Hans Jørgen Frost

SOAP & DISINFECTANT TOUCH FREE DISPENSER

...

The FROST Soap & Disinfectant Touch Free Dispenser is part of the NOVA2 series and consists of a touch free dispenser and additional table and floor dispenser stands.

The refill container holds 500 ml liquid soap or hand disinfection gel, equivalent to approx. 600 doses, and the dosage is released once when your hand is held 5-10 cm below the dosage nozzle.

By choice the dispenser is either wall mounted or easily fixed to the table and floor dispenser stands.

The FROST Soap & Disinfectant Touch Free Dispenser combines hygiene with aesthetics and offers an elegant, minimalistic design solution for the modern interior. Naturally the design compliments all FROST products.

The soap dispenser is available in all nine FROST finishes with the stands in either Brushed Stainless, Matt Black or Matt White.

The FROST Soap & Disinfectant Touch Free Dispenser
is designed by Bønnelycke mdd.

MIRROR COLLECTION

...

We have designed a unique range of mirrors with fine details and a simplistic look. The collection matches our finishes and will compliment products from across our entire range. The mirrors are available in a variety of sizes and you can even create a 'mirror wall' using multiple mirrors to suit your own style and needs.

The mirrors can be used in the hallway, bathroom, living room, in fact any environment that you wish to!

UNU SERIES

...

The UNU System encompasses furnishing products for wardrobes, hallways and living rooms. The edging profile, characteristic of the series bestows a slender and elegant look while providing endless possibilities for a well-defined and complete expression.

The UNU System is made from solid 4 mm aluminium with a powder coated finish in either Matt Black or Matt White.

The UNU Shelf System is aluminium shelves, all available in either 600 or 1000 mm lengths. In addition, a complementary smaller shelf is available, and so is shoe / magazine shelves, gallery shelves, and wash tables. The UNU Wardrobe System also comes in the lengths 600 and 1000 mm and in addition, a smaller 200 mm version is available. The hooks and the hanger bar in various finishes, completes the wardrobe system.

Since both The UNU Shelf and Wardrobe Systems are mounted on the same wall bracket, all items can be mixed and matched to suit your changing needs, the shelves may even be turned upside down.

The UNU System sets a new standard for modular shelf systems.

The UNU series is designed by Bønnelycke mdd

Additional weight capacity possible by use of brackets.
Ceramic sink is not included.

BUKTO SERIES

...

BUKTO is the elegant free standing clothing system with the highest degree of flexibility. Clothes stands with castors make it perfect for conferences, meeting rooms, dressing rooms, hallways or for in-store product presentation.

The BUKTO shelf system introduces seamless shelf location for maximum flexibility. This makes it an obvious choice anywhere you need to change the space between shelves without compromising the looks of the whole. Use the BUKTO shelf system in your kitchen, living room, dressing room or any store.

All stands are made from steel with a Matt Black or Matt White powder coated finish. The stainless steel top bars in Polished Stainless, Polished Gold, Polished Copper or Polished Black finish make it easy to match with existing interior whilst making a personal statement.

The BUKTO system is designed by Bønnelycke mdd

NOVA2 SERIES

...

Bathroom, kitchen & wardrobe accessories. Consistent details such as the shadow edge between the mounting surface, and the product compliments the discreet and complete series.

All elements are interpretations of the meeting between the stringent form, and the cylindrical form - this is quite apparent on the hooks for the system.

The products are made from stainless steel 304 and designed by Bønnelycke mdd, who, with a refined sense of simplicity, technical details and stylish fit, has managed to combine aesthetics and function in one and create a range of quality products that will adorn any home.

The NOVA2 series is designed by Bønnelycke mdd

QUADRA SERIES

...

Kitchen, bathroom & wardrobe accessories. The products are made from stainless steel 304.
The proportional dimensions 8:5:3 define the QUADRA series
as architectural building elements.

When combined, the clean-cut and stylistically consistent details
forms a characteristic and well-defined system.

The QUADRA series is available in the six FROST finishes: Brushed Stainless, Polished Stainless,
Polished Copper, Polished Gold, Matt Black and Matt White.

The QUADRA series is designed by Bønnelycke mdd

SIGNATURE COLLECTION

...

The Signature Collection celebrates the individual.
Each design stands out as a solo and may be used and enjoyed as such.
Nevertheless they may also be combined to form larger
individual combinations.

LIVING COLLECTION

...

The Nordic Feeling is quite apparent in FROST Living Collection that consists of Danish designed decorative and functional products.

Individual or together all products are perfect choices as stylish additions to your home. Clean and elegant designs you will appreciate in the living room, dining room, kitchen, bathroom or any other room.

FROST Living Collection are made from stainless steel and available in six FROST finishes. The different finishes make it easy to blend the designs into an existing interior and brighten it up with spots of color and personality.

NOVA SERIES

...

Nova is a comprehensive series of wardrobe products, sanitary hardware and bathroom fittings. The series is available in Brushed or Polished Stainless Steel 304 to resist the aggressive environment in toilets and bathrooms.

The simplicity and timeless design is based on form follows function. Nova can be combined in countless variations, which allow the individual user to create an individual style in all building types.

ARCHITECTURAL HARDWARE

...

With the emphasis on versatile design, clean lines and endless combination possibilities, this concept creates a modern and yet timeless range of hardware such as lever handles, roses, window handles and door stops. The products are made from stainless steel 304.

Architectural Hardware offers architects and end-users a set of tools to help achieve perfection in the important details of a building or a home by providing the finishing touches and functionality needed in our modern world.

HANDLES AND SPECIALITY HARDWARE

...

Furniture cabinet handles, knobs and complimentary components.
Your choice of style in a selection of finishes will create an individual piece of furniture.

All our Danish designed fittings with their sleek profiles will enhance
quality furniture with lines of fusion and finish.

Not just any handle, it is a FROST handle!

A FROST handle will raise a prosaic piece of furniture to a new height
it will subtly enhance a wonderful piece of furniture, complimenting the design
while maintaining the overall aesthetic.

Knobs are an opportunity to enhance your door or draw with the right look.
Many designs offer sophistication and elegance for contemporary and traditional furniture.

Cutting edge Danish designs for high tech furniture in kitchen,
media storage and bathroom areas.

Design brackets to match our quality handles.
Functional elements for your interior design.
