

Lucano step ladders are designed in Japan and suitable for use both at home and in office spaces. The ladder features a user-friendly design and is easy to fold.

Available models include 2-step, 3-step, and 4-step versions. The 3-step and 4-step ladders come with an added safety barrier, ensuring safer and more comfortable use.

The product has a load capacity of 100 kg.

Available in 8 different finishes: black, white, orange, red, light grey, peach beige, yellow, and blue.

SLIMSTEP

The SlimStep step ladder is stable and safe. The ladder's wide feet ensure secure and strong use. Rubber pads reduce noise when opening and closing, as well as prevent slipping. Comfortable steps measuring 26x33 cm make the product user-friendly, and the secure platform is suitable for standing or sitting. Step height is 56 cm for the 2-step model and 78 cm for the 3-step model. The product is suitable for use both at home and in the office. When folded, the slim 4.8 cm ladder fits into narrow spaces. The product has a load capacity of 100 kg.
